Managing Children
Behaviour Workshop

Thank you to everyone who took the time to complete our parent feedback questionnaire.

We are delighted with the positive feedback and the lovely comments about our school.

The one area that parent's seem least confident about is how to manage children's behaviour.

The best approach is when home and school work together and have a consistent strategy. Therefore, we invite you to a parent workshop on Thursday 1st December at 9.15am in the school hall and the session will last for approximately an hour.

We will be share our positive approach to managing behaviour in the school and our Community Family Worker Erica Fellows will talk about how she may be able to support you at home.

Reception

This week we have been 'Exploring Space'. We have been story sequencing and enjoyed making Alien puppets. In PE we have been using the Climbing Apparatus.

In Forest School we enjoyed a cup of hot chocolate and also fed the birds and learnt how to tie knots!

We have started guided reading this week.

We kindly ask that you send your child's reading pack in to school everyday.

We also had fun learning our 'Phonics'.

Please remember to bring jumpers, rain coats and wellies every day please, especially now the wet and windy weather is here!

Year 1

This week we have been watching the John Lewis advert The Bear and the Hare and describing the Hare and what he is like.

We have also been thinking about what love is and we made some beautiful hearts.

In Art and DT we have been icing our Christmas cakes and making stars and snowmen for the Hall display.

In maths we have been working on 1 more and 1 less.

Next week we will be writing about the John Lewis advert The Bear and the Hare. We will also be carrying on our maths focus of 1 more/1 less and we will be doing some maths problem solving. The children will start making calendars and Christmas decorations.

Please check your child's book bag for their spellings.

Thank you for your support!

Year 2

This week we have been learning our number bonds to 10 and 20 and have been measuring the length of objects.

We have also been reading and acting out the story 'The Way Back Home'.

Next week we will be learning how to write adventure stories, we will be learning how to find fractions of shape and solving mathematical problems.

Time to share is every Friday from 9.15-9.30, please come along to join your child for exciting activities.
